

I'M IN LOVE AGAIN

All my life I've been on the run
Shooting holes into the sun
Chasing the rainbows from the sky
Ee,eye,ee,eye
But lately I've been feeling strange
'Cause Lady Love has brought a change
Since she looked me in the eyes
Oh! I'm in love again, at least this time I think I am
Oh! I'm in love again
When I go away long distance
She tells me on the telephone
That I have broken her resistance
And she can't wait 'til I come home

But lately I've been feeling strange
'Cause Lady Love has brought a change
Since she looked me in the eyes

Chorus

I met my baby in a parking lot
We had a drink and we took a walk
That's when she told me she played the spoons

We rolled around in the underbrush
She fell asleep in the midnight hush
And on her face I saw a trace of moon
