

## PRISONER

Good morning Baby, what were you dreaming of?  
Am I crazy or do you really need my love?  
Oh, I am your prisoner shackled within your shell  
The way I need you Baby no words can ever tell  
No, no words can ever tell  
Bring me home, bring me home, bring me home  
Oh Baby, bring me home, Oh Baby, bring me home  
Oh Baby, bring me home, Oh Baby, bring me home  
Bring me home

Wrap your arms around me  
Like the shadows 'round the moon  
Meet me at midnight  
By the windows of your room

Chorus

The earth beneath me  
Above the sky  
You are beyond the m  
I'm in your eyes

Chorus
